Publisher's PDF, also known as Version of record

#### *Publication date:*

2019

[Link to publication in University of Groningen/UMCG research database](#)

#### *Citation for published version (APA):*

Joustra, M. L. (2019). *Similar but different: Implications for the one versus many functional somatic syndromes discussion*. [Thesis fully internal (DIV), University of Groningen]. Rijksuniversiteit Groningen.

#### **Copyright**

Other than for strictly personal use, it is not permitted to download or to forward/distribute the text or part of it without the consent of the author(s) and/or copyright holder(s), unless the work is under an open content license (like Creative Commons).

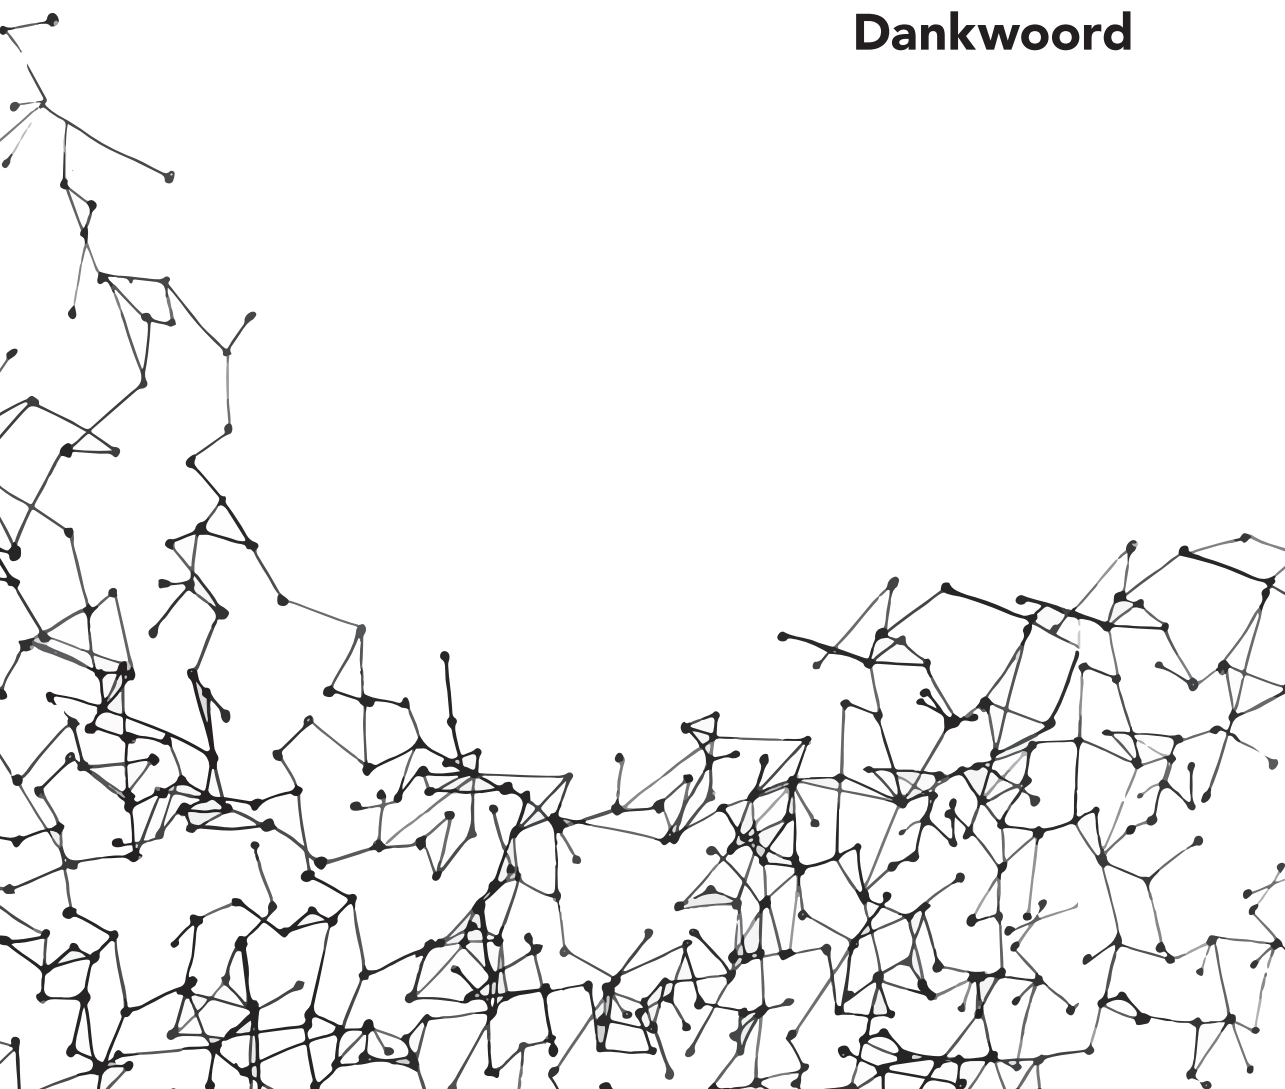

The publication may also be distributed here under the terms of Article 25fa of the Dutch Copyright Act, indicated by the "Taverne" license. More information can be found on the University of Groningen website: <https://www.rug.nl/library/open-access/self-archiving-pure/taverne-amendment>.

#### **Take-down policy**

If you believe that this document breaches copyright please contact us providing details, and we will remove access to the work immediately and investigate your claim.

Downloaded from the University of Groningen/UMCG research database (Pure): <http://www.rug.nl/research/portal>. For technical reasons the number of authors shown on this cover page is limited to 10 maximum.

**Dankwoord**

Alles behalve terecht dat alleen mijn naam op de omslag van dit proefschrift staat. Ik ben ontzettend dankbaar voor iedereen die direct of indirect betrokken is geweest bij mijn MD/PhD-traject. Promotoren, coauteurs, collega's, vrienden en familie, allen hebben zij bijgedragen aan deze bijzondere periode, met dit proefschrift als resultaat. Daarom, speciaal voor jullie:
